KABO HIGH BUST CORSET!

THE MOST PERFECT

Dress Form Corset

Ever Produced.

LADIES of slender figure will find in this corset something they have long desired. It makes a perfect form, and meets the approval of dressmakers, in that it facilitates the fitting of dresses, doing away as it does with all loose padding. It lengthens the waist. It has cord loops in place of brass eyelits to lace, thus obviating all danger of the corset laces showing through the dress and making it impossible to soil the underclothing from corrosion of the eyelits.

BIG GUNS WILL SPEAK!

In Congress Saturday—Cochrane, Wilson, Reed and Bland.

An Adjournment Not So Near at Hand —The Senate Holds the Key to the Situation.

WASHINGTON, Aug. 21.—The proceedings in both houses of congress, which have been consisting interest all the week, will reach a climax tomorrow and Saturday. On the last named day the silent speakers in the house will close the silver debate.

Bourke Cockran, Wilson, of West Virginia, Thomas B. Reed and Mr. Bland, the sponsor of the silver dollar, would either of them by himself prove a great attraction, but all of them in combination, with others of almost equal force, present an array of force of ability such as seldom has been displayed on any day in congress.

Ex-Speaker Reed in particular is expected to outshine all previous efforts. It is understood that he has carefully prepared his speech and that its clearness and felicity of statement and sarcastic wit will assuredly hold the attention of the house and senate.

Those sanguine statesmen who predict the speedy passage of the Sherman amendment and early adjournment are not having matters their own way. The senate really holds the key to the situation. Some of the extreme advocates of silver in that body assert that, if on reconsideration, the senate persists in refusing to accede to the opposed senators from Montana, Washington and Wyoming, they will hold the senate in session and stave off a vote on the silver question until the legislatures of those states have been called together in special session to fill the vacancies.

On the house side also there are "doubting Thomases" who do not see the end of the session so near at hand as some of their colleagues profess to do. The weakening among senators who have been accounted "last ditch" free silver men upon which, in part, the confidence of the early adjourners is based, is said to be due to the pressure brought to bear upon them for early action by the republicans of other interests than those of silver miners. The farmers in the far northwest, it is said, are beginning to feel the need of money to move their crops, and the railroads suffer with the farmers in the falling off of their business. These facts are said to have been influential in changing the minds of several senators heretofore classed among the opponents of immediate or unconditional repeal of the Sherman law.

It is not without significance that it is known to be the desire and expectation of Speaker Crisp that this session shall adjourn October 1. This can be stated on authority. It is known that while the ways and means committee has been constituted with a view to the framing of a radical tariff bill on the revenue reform and free trade basis, the desire of the speaker is that the tariff discussion shall not begin in the house until the regular session in December, and that there shall be an interval of at least two months between this session and the December session. The members of both houses, who are business men and who have affairs of importance to attend to, would be glad of that opportunity during the fall months to devote to their business. The plan of the speaker is that having disposed of the silver question, congress shall adjourn and the ways and means committee shall sit during the recess by subcommittee and frame a tariff bill, which shall be ready for presentation to the the house at the opening of the December session. By such a policy it seems to be the belief of the speaker that the work of the regular session can be well advanced so that the session need not be prolonged into the midsummer of 1894, and congress need not be kept in session to the injury of the democratic party pending the congressional campaign of next year.

STRIKE OF MILL MEN.

They Object to a 25 per cent. Reduction of Wages.

ONTONAGON, Mich., Aug. 24.—A week ago the lumber mills of the H. M. Loud & Son's Lumber company were closed down. The mill started up yesterday with a 25 per cent. reduction in wages, payable in store orders. Threats were made by men working in other mills that unless Loud's men caused work at the present scale they would force them to go on a strike. Accordingly at 1 o'clock about 500 men surrounded the mills and forced the men to cease work. The men then marched to the company's cedar yards and stopped operations there.

JACK DEMPSEY'S FREAK.

He Rides a Woman and Elects to the Country.

RACINE, Wis., Aug. 24.—Jack Dempsey, the pugilist, and his wife, or at least he claims to be Jack Dempsey, arrived here last night and the man is evidently not in his right mind. He went out and indulged heavily in liquor and yesterday morning he fined a woman out of $20. When the police went after him he leaped from a carriage and a lively foot race ensued. He escaped into the country, told a farmer a wild story and induced the granger to give him a ride to town. The police finally captured him and his wife succeeded in keeping the trouble. He said that he came here for the purpose of going into training for a fight but refused to say who with. The officers and others believe he is insane. At present he is at a hotel as his wife will make no effort to get him into Chicago.

ILLINOIS DAY.

Over 200,000 People Gather at the Fair Grounds.

Governor Altgeld Presides as Chief of Ceremonies—Illinois Guards Lead the Procession.

WORLD'S FAIR GROUNDS, Aug. 21.—Illinois day at the fair witnessed the largest gathering of people in the exposition grounds since July 4. As early as 8 o'clock every means of transportation had been taxed to its utmost capacity and the strain was continuous until late in the afternoon. The day's entertainment began about 9:30, when 5,000 members of the Illinois National guards entered the fair grounds at the west entrance to the plaisance. They marched through the famous street to the main grounds, their splendid appearance arousing great enthusiasm. As soon as the troops had passed into the main grounds the midway plaisance crowds fell in behind and brought up the rear of a novel and impressing procession, which reached the state building about half past 10. Here the jam was tremendous. Every inch of space was taken and the roofs of all the buildings upholding the Illinois building were black with people. The plaisance people immediately returned to their places of business, and the militia, which had been in command of Governor Altgeld, passed in review before the chief executive, and the parade through the main grounds was then started, delegating up in front of the Illinois buildings shortly after 12.

After the review there was an exhibition drill by company C, of the Third infantry, and the Springfield cadets. At 2 o'clock this afternoon an informal reception to the governor and staff was held in the Illinois building, to which all citizens of Illinois and other states and countries were invited. The attendance was very large. There will be a fine display of fireworks tonight from the lake east of manufacturers' building.

PROPOSED CONVENTION

Of Western and Southern People to Discuss Interests.

Governor Stone Approves Such a Plan and Will Take Steps to Bring About Such a Meeting.

DENVER, Col., Aug. 21.—Gov. William J. Stone, of Missouri, left last night for home in speaking of the proposed convention of western and southern states Governor Stone said "The idea is in accord with opinions that I have long entertained. There ought to be efforts made to bring the south and west into closer acquaintanceship. The producing states ought to get together and work for one common interest, not on the plane of sectionalism, however. And there is the danger I see in a convention as outlined in the call. Irresponsible men often manage to obtain appointment as delegate, and sometimes action is had that is not in accord with the best business interests of the people they are supposed to represent. I did not go to the silver convention in Chicago for fear something radical might be done. However, on that occasion, the resolutions were well prepared and such as I could endorse. After I get home I shall take up the matter by correspondence with the governors of the states named in these petitions, and if I find these governors are in accord with the movement I shall take pleasure in issuing a call. I do not wish to be hasty about this and shall only do so if the sentiment of the best men is in accord with the plan."

DEATH TO PRISON

Preferred by R. W. Parker, an Embezzler, of Chicago.

Shot Himself at San Francisco When He Heard That Extradition Papers Had Been Made Out.

SAN FRANCISCO, Aug. 24.—R. W. Parker, who was under arrest here for embezzlement of $4,000 in Chicago, shot himself yesterday when he learned that extradition papers were on the way for his removal to the east.

Yesterday his wife was admitted to see him. The two passed into an inner room. Suddenly a pistol shot rang out and Parker fell to the floor with a pistol clutched in his right hand. The bullet entered his right temple and death is certain.

Parker and his father is a minister in Philadelphia and he also studied law. Since then he served in the army and in the British navy. His wife is an actress, and for marrying her he was discarded by his family. For the past year or two he has resided in Chicago, where he carried on a brokerage business. He got a concession for a fire works display at the world's fair, secured $3,000 and then skipped.

HEAVY STORM.

New York City Visited by One Last Night.

The Wind Reached at Cyclonic Speed and the Water Came Down in Great Sheets.

NEW YORK, Aug. 24.—A cyclonic storm struck this city last night just before midnight. The wind blew a gale and the rain fell in torrents. The storm was by far the most severe that has been experienced in this city this summer. There was no thunder, no lightning and there was not the brief, heavy fall of rain characteristic of an August storm in this region. Instead of this, after a day of threats, manifested in an overcast sky, occasional light shower and an atmosphere sultry to a painful degree, there came an outbreak that startled those who were on the streets. A gentle breeze began to relieve the sultriness just before 11 o'clock. Within ten minutes it had increased to a violence that was calculated to frighten the timid. It whistled around every corner. It caught every light object, a hat, an umbrella, or a stray newspaper, and whirled it off. The rain came soon after the wind, and it was not a shower, but a deluge. The high wind carried the water through the air so that its volume was apparently greatly in excess of the actual fall. It was driven in sheets over the pavements and pedestrians had a hard time of it.

A CONFESSION.

The Murderer of the Bordens Owns Up.

He Says Lizzie is Innocent—He Killed the Old Man for Revenge and Then Killed the Old Lady.

OSCEOLA, Mich., Aug. 24.—Considerable excitement has been caused by the finding of a letter in a bottle in the Kasmazoo river by H. J. Daniels, at Pine Creek, two miles west of here. In substance it is as follows:

"KALAMAZOO, Mich., Aug. 22, 1892.—A guilty conscience is what makes me write this letter. I am the man who killed Mr. and Mrs. Borden, of New Bedford. Lizzie is innocent. I only intended to kill Mr. Borden for revenge, but being discovered by Mrs. Borden, was compelled to kill her.

[Signed] "MAN O RUNDAY."

The letter, which is written in a bold hand on four sheets of tablet paper, gives an exact description of how the murder occurred and why it was done, words being erased and new ones substituted, giving a better meaning. It is extremely sensational and is believed by many here as genuine.

DIABOLICAL PLOT.

Scheme to Blow Up Detroit's Public Water Works.

And Then to Burn and Rob the Stores and Banks of the City—The Plot Discovered.

DETROIT, Mich., Aug. 24.—Early last Monday morning Superintendent of Police Starkweather was informed by one of the members of his detective force that a plot had been concocted by certain persons in the city to destroy the waterworks pumping station with dynamite. Then with the water supply cut off fires in several parts of the city were to be started. The fire department useless, a fearful conflagration would result. The superintendent satisfied himself of the correctness of the story and a learned consultation with the secretary of the waterworks board resulted in a call for a special session of the water board. Monday night was the time set to do the job and all that night the works were guarded by a body of men with Winchesters. The dynamiters evidently had scouts out and the extra men about the works frightened them away. Special policemen are still on guard at night at the water works. It is said the persons who figured as principals in the proposed plot are known to the police and their arrest will follow.

FACTORY BURNED.

Heavy Loss to a St. Louis Manufacturing Company.

ST. LOUIS, Mo., Aug. 24.—The buildings occupied by the Western Brass Manufacturing company, at 615 and 617 Walnut street, were totally destroyed by fire shortly before noon today. The loss on stock will amount to $20,000 and on building to $15,000. The Standard theatre adjoining the burned buildings, was flooded with water and damaged to the extent of $2,000. The fire is believed to have been caused by spontaneous combustion in a pile of waste.

BIMETALLISM.

Its Advocates and Opponents Speak Upon the Subject.

A Western Republican Says His Constituents Will Cease to Be Free Sentimentalists Unless Free Coinage Is Adopted.

WASHINGTON, Aug. 24.—The Sherman debate in the house on the Wilson bill began this morning with a speech by Mr. Waugh, (rep., Ind.) who spoke for repeal as in the interest of bimetallism. Mr. Somers, (dem. Wis.) favored bimetallism, but would not vote for unconditional repeal. Mr. Johnson, (rep., N. D.) spoke for silver. Mr. Pickler, (rep., S. D.,) asked unanimous consent to change the existing order so as to take a vote Monday on an amendment confining the free coinage to the American product. This was objected to by Mr. Wilson, in charge of the administration bill. Mr. Pickler then tried to arrange for a vote on the American product free coinage proposition, after the Wilson bill has been passed, but again objection was made. He then proceeded to criticise President Cleveland as being under English influence.

Mr. Lucas, (rep.), of South Dakota, and Mr. Burleson, (rep.), of Montana, spoke for free coinage, the latter intimating that his people would not remain protectionists if the party failed to observe the bimetallic plank. Mr. Bartholdt, (rep.), of Missouri, declared for repeal and the extension of bank circulation.

Mr. Bourke (dem.), of Ohio, spoke for unconditional repeal, and Mr. Heard (dem.), of Missouri, against the Wilson bill, holding that the people were entitled to something more.

Chairman Wilson today appointed Henry Talbot, of Illinois, clerk of the committee on ways and means. Mr. Talbot served in the same capacity under the chairmanships of Messrs. Morrison and Mills and since the fiftieth congress has been connected with the interstate commerce commission.

MANGLED BEYOND RECOGNITION.

Dead Body Found on the Ground Supposed to Be That of a Tramp.

SPRINGS, Mich., Aug. 24.—A mangled body of a man was found on the Grand Rapids and Indiana track, a mile and a half south of here, last night. His head was cut off and mangled almost beyond recognition. Both arms and legs were severed from the body. Believed to be Mike Sullivan, of Lima, Ind., who is missing.

A very pleasant birthday party was given in honor of Geo. F. Aichele, at his residence, 70 St. Mary's avenue, last evening. It was a complete surprise, and Mr. Aichele was slightly shocked. His friends, not knowing the condition of his nervous system, secured a small quantity of Bohemian lager, and, with very much difficulty, succeeded in administering a few doses of the kerosene, and by the free use of a large sponge cake he recovered sufficient strength to take an active part in the entertainment. The evening was spent in games and music. The music was furnished by Krommie's orchestra. A fine luncheon was served and all enjoyed the pleasant visit. About forty of his friends were present.

FINANCIAL NEWS.

The Bank of England Raises Its Rate of Discount.

Several Business Firms Resume Operations While Others Are Forced to Close Up Shop.

LONDON, Aug. 24, 4:42 p. m.—The bank of England rate of discount is five per cent. The rate of discount in the open market for short and three months bills is subject thereto.

NEW YORK, Aug. 24.—Wall street, Dun, etc.—The advance in the bank of England rate to five per cent. resulted in a further rise in the posted rates of sterling exchange here to $4.87 and $4.80 which in turn caused a weaker opening for stocks. Price fell one-fourth to three-fourths per cent. Lack of telegraphic communication checked business.

WALL STREET, N. Y., Aug. 24.—Money on call is steady at 4 per cent. Prime mercantile paper, 5@6 per cent. Sterling exchange is firm with actual business in bankers' bills at 4.82@ or sixty day bills and 4.86@4.87 for demand.

DETROIT, Mich., Aug. 24.—Heavenrich Bros., wholesale clothing merchants at 138 and 140 Jefferson avenue, this morning filed a mortgage on their stock for $121,995 to secure twenty-six different creditors. The firm consists of Simon and Samuel Heavenrich, and has been doing business in Detroit for thirty years. The embarrassment is due to the failure of Wiel & Dreyfus, of Boston, and Sykes & Co., of New York, for whom Heavenrich Bros. were heavy indorsers.

SAN FRANCISCO, Aug. 24.—Attorney General Hart has directed the Riverside Banking company, of Riverside, Cala., which suspended several months ago to reopen its doors as he finds the banks available assets largely in excess of its liabilities.

PITTSBURG, Aug. 24.—The sheriff has taken possession of the property of the Standard Burial Case and Manufacturing company. The action is taken on an execution for $19,250.56 issued by W. C. Hartman and James L. Delong. The company's offices are in Pittsburg and the manufactory is at Russell station on the Baltimore and Ohio railway.

CHATTANOOGA, Tenn., Aug. 24.—The directors of the First National bank at Dayton, Tenn., have decided to suspend payment of deposits for sixty days, and a circular to that effect has been mailed to depositors. The assets are more than double the liabilities, but the stringency in the money market makes a stoppage of business necessary. The bank hopes to resume in two months or less.

DUBUQUE, Iowa, Aug. 24.—The bank of Wankecon, operated by Bonner Bros. the past fourteen years, and which went into liquidation June 1, has given mortgages for $60,000, and it is estimated its assets will not realize within $40,000 of its liabilities.

FIRE AND WIND.

Much Contributed Toward the Destruction of Property.

RAHWAY, N. J., Aug. 24.—A severe storm of cyclonic order passed over this place about midnight last night. Considerable damage was done. The storm was at its worst about 2:30 a. m. and was particularly severe in Middlesex county, Woodbridge and Perth Amboy. Fire destroyed the old Methodist church, which was recently purchased by Alexander T. Lanker, the furniture manufacturer of Newark and Elizabeth. He had about $10,000 worth of new furniture stored in the church, which was wholly destroyed.

MACON, Ga., Aug. 24.—Fire in the village of Merced Falls, about twenty miles from here, has destroyed the Merced woolen mills Nelson's flour mills and a large warehouse containing woolen goods. The loss is estimated at $200,000 and the insurance at $100,000. The fire is believed to have been of incendiary origin.

OUTWITTED MONEY SHARKS.

How the Hop Growers Were Enabled to Keep Their Crops.

TACOMA, Wash., Aug. 24.—New York and London hop buyers have dropped just $150,000 by their failure to prevent the hop growers on the Pacific coast from raising money enough to harvest their crop. A few weeks ago, when it was known that the hop yield of Europe would fall 100,000 bales short of the demand, a bunch of New York and London dealers who had plenty of money at their command set about to corner the Pacific coast yield, which this year is 200,000 bales above the average, or 700,000 bales total. The scheme was to advance money to those needing it. Ezra Meeker, representing the growers, secured an advance of $150,000 from the Milwaukee brewers and renewed negotiations with Lind say, Bivin & Co., of London, who have finally called that they had arranged for the cash to harvest the crop.

HUNG HIMSELF.

Suicide of a Convict in the Northern Prison.

MICHIGAN CITY, Ind., Aug. 24.—C. S. Dixon, a negro convict received at the prison from Jay county in May, two years ago for grand larceny, hanged himself with a sheet to his cell door. He was in good spirits and no reason is assigned for the deed. He left two letters one to his wife, and one to his brother, a lawyer of Richmond. His mother lives in Cincinnati.

DYING IN JAIL.

John Hagie, the Well Know Auctioneer, at Death's Door.

Several weeks ago John Hagie, the well known auctioneer, formerly connected with the bankrupt auction store on East Main street, was sent to jail for stealing gold rings. He is now lying dangerously ill at the hospital department of the jail from carvature of the spine and it is said that he is slowly dying. He will be removed to the St. Joe hospital, where he can receive better medical attendance.

NO POISON FOUND.

Tibbie Libby's Stomach Examined by the Chemist.

No Evidence Found That It Contained Toxic, Ergot or Other Like Drugs —The Work Completed.

The theory that the unfortunate Tibbie Libby, reported to have been poisoned by Jack Rands, of Bluffton, has been proven to be groundless. Chemist Louis Schmidt has finished his examination of the stomach and contents and finds no evidences of corrosive poison. No evidences of lunacy, ergot or other drugs, given to produce an abortion, was found and it is quite likely that the young woman met her death from some other cause.

HUNGRY POLES

Make a Raid Upon Bread and Fruit Stands.

The Owners Object, and a Riot Ensues, in Which the Police Take an Active Part.

BUFFALO, N. Y., Aug. 24.—Serious trouble developed this morning at the Broadway market East Buffalo due to the bold robbery of provision stands by the unemployed Poles. A large number of people in the Polish district are out of work and, having exhausted the resources of the poor master, have resorted to robbery to supply their wants. The trouble began yesterday and was renewed this morning. The owners of stands and stalls, which were raided by the hungry mob, withstood the attempt to loot them of their property as best they could, finally using violence and a riot resulted.

The assaulting parties of Poles, numbering forty or fifty at first, soon increased to 200 or 300, for outnumbering the market men and the police on duty there. A call for aid was made upon police headquarters and the reserves were hurried in patrol wagons to the scene. They speedily restored order and arrested ten of the ringleaders.

PLENTY OF RAIN.

The Western Corn Crop Saved From Drought.

TOPEKA, Kas., Aug. 24.—Special bulletins to the state board of agriculture state that there have been soaking rains throughout the corn districts since Monday and that in consequence the condition of the crop, especially the late planting, has been greatly improved. The late plant is now tasseling and the ears have begun to form and with reasonable weather until maturing time it will make a fair crop. The early plant is regarded as safe.

ON A HOT DAY

The County Commissioners Listen to a One Hour Speech.

Hon. W. G. Colerick, in behalf of eighteen clients, addressed the county commissioners for an hour this morning protesting against the assessments the Illinois gravel road cases. It was awful hot weather for speech-making, but the commissioners listened interestedly to Judge Colerick.

LOCAL LINES.

Miss Hattie Miller is visiting at Chicago.

John Korn is on trial before Justice Hunt for resisting an officer.

The officers arrested five tramps near Eckert's packing establishment this afternoon.

Mrs. F. C. Spiegel, the Broadway milliner, went east this morning on the Wabash, to buy her fall goods.

The tenth anniversary of the Reformed Orphans' home yesterday was largely attended, and passed enjoyable in every respect. In the grove speeches were delivered, and at the home dinner and supper was served.

The fire department was called to the Wabash round house about 1 o'clock today by a fire in the dry kilns. The roof burned out, causing a loss of about $300 or $75. Sparks from a passing engine caused the blaze.

Constable A. L. Bagley left today for Bluffton, O., having been called there by a telegram announcing the death of Mrs. Francis Galligan, the sister of his wife. Mrs. Bagley was at her bedside when the death angel came.

The barn of Farmer Auer, in Aboite township, was totally destroyed by fire last night. The barn was filled with hay, grain and other farm products and the loss is very heavy. The smell of burning oil leads Mr. Auer to believe that the fire was the work of incendiaries.

Mr. John Oettinger, of Brooklyn, N. Y., is in the city the guest of his parents, Mr. and Mrs. Hagerman, corner of Broadway and Pritchard streets. Mr. Oettinger formerly lived here and was with the Staats Zeitung Printing company. He will visit the world's fair before returning east.

Ray O. Spiegel and family, of Jackson, Mich., passed through this city Tuesday on the way to Mount Sterling, Ohio, where Mrs. Spiegel will preside at the Epworth league festival next Sunday. They will be the guests of Rev. G. Sommyer while there. Next week they will return to this city, remaining here two weeks, visiting relatives and friends.

LIFE LOST ITS CHARM

And Mrs. Matilda Dalman Ended Her Existence,

By Taking a Sufficient Quantity of Arsenic, Dying in Great Agony Yesterday.

Yesterday afternoon at 4 o'clock Mrs. Matilda Dalman, wife of David Dalman, a farmer living six and one-half miles southwest of this city on the Indianapolis road, died from the effects of arsenic, having been taken with suicidal intent. The case is a sad one. While Mr. Dalman was at the home of his brother, Jessie, engaged in helping him thresh, yesterday afternoon, he was astonished to learn that his wife had walked over from her home to where he was working. She appeared ill and coming up to her husband threw herself in his arms, saying that she had taken poison. She gave no reason for the rash act other than she was tired of a life full of trouble and ill health.

Dr. Shield was sent for at once but the physician could do nothing for the unfortunate woman, who died at the hour mentioned in terrible agony. The poison was procured from a chest in the barn, where her husband has kept it for the purpose of giving it to hogs. Mrs. Dalman took at least a teaspoonful of the deadly drug.

This morning Coroner Harrod went out and held the inquest. The deceased was forty-six years of age and leaves no children. She is the third wife of David Dalman, and both have often visited in this city. The dreary monotony of a life of much labor and little recreation is supposed to have caused her to become insane. The funeral will be held from the residence tomorrow morning at 10 o'clock and later from the Wayne street M. E. church, this city, Rev. Eldridge officiating.

PERSONAL MENTION.

Fort Wayne People as They Are Talked About.

The Huntington Democrat says: "Mrs. J. W. Young, with her children, of Fort Wayne, is visiting her mother, Mrs. L. B. Smith, here."

The Huntington Herald says: "Miss Clara Hughes and Miss Lizzie Diefenbach went to Fort Wayne today to visit among friends."

The Wabash Plain Dealer says: "H. G. Thompson, ticket agent of the Wabash road at Fort Wayne, was in the city yesterday."

The Logansport Reporter says: "Willard Vancamp and sister, Miss Goldie, of Fort Wayne, are visiting relatives here."

The Warsaw Times says: "Miss Eva Leaferty, of Fort Wayne, is visiting friends in this city. She is the guest of Mrs. N. Straus. She is looking quite well."

The Bluffton News says: "Miss Margaret Deans, of Ossian, and Mame Alleman, of Fort Wayne, were guests of the family of I. C. Black yesterday afternoon, returning home in the evening."

The Warsaw Indianian-Republican says: "Aaron Lischey, an old Kosciusko county boy, but who has been a resident of Fort Wayne for a number of years, was revisiting old friends in this city, and hereabouts, today."

The Union News says: "Dr. Metcalf, of Fort Wayne, has been called to attend John Gorrell, who has been sorely afflicted for a long time with eczema.—Mr. and Mrs. Rehling, of Fort Wayne, visited with her sister, Mrs. Rosa Crumrine, who is very sick, at the residence of her mother, Mrs. M. Crumrine. Mrs. Rev. J. B. Allerman and her daughters, Mamie and Mabel, came out last week to visit friends in and around Ossian. Mrs. A. returned Monday, the girls remaining until today."

MYSTERIOUSLY MISSING.

A Wealthy Farmer, Living Near Pierceton, Is Missing.

A. G. Hayden, a wealthy farmer of Kosciusko county, residing near Pierceton, has been mysteriously missing since Monday noon. He informed his family that he was going away, and they would never see him again. He then disappeared, and his friends, becoming alarmed, notified the neighbors. Parties have since been searching for him unsuccessfully. It is believed he has committed suicide, having lost large sums lately on account of going security.

REFUTES THE CHARGE.

Carl P. Swain Says He Did Not Attack Ramsey.

A Receivership May be Asked for the B. of R. T. Unless a Special Session is Called.

A dispatch was sent from Terre Haute to the Chicago Herald, recently, stating that the charges against Grand Chief Ramsey, of the Brotherhood of Railway Telegraphers, had been given a black eye by the directors. The dispatch further stated that these charges, which were of a highly sensational nature, had emanated from Carl P. Swain, "the defeated candidate for the editorship of the official organ of the telegraphers, and also from S. O. Fox, ex-grand secretary, who was knocked out at Toronto. The charges embraced malfeasance in office and the seduction of a young woman living in Iowa."

Mr. Swain was this morning asked if the charges had been preferred against Ramsey by himself and Fox, as alleged. He said: "The dispatch to the Herald is made up of a tissue of mistakes. Charges were brought against Ramsey by the Omaha division and also against G. T. Thurston, editor of the official organ, and Geo. C. Flegel, of Argos, Iowa, member of the grand executive board. They were brought after other charges had been whitewashed in Toronto. The charges embrace malfeasance in office, squandering $50,000 of money belonging to the order and other irregularities. Unless a special session is called and these charges investigated a receivership will be asked for." Mr. Swain further stated that he was not a member of the order and had not been for eight months past, was never a candidate for any office in the order.

RUMOR RUN DOWN.

Truth About That Fort Wayne Postoffice Shortage.

G. C. Holmes, an Inspector, Says the Indianapolis Newspaper Men Misrepresented Him.

Sometime about the first of August ex-Postmaster Higgins, who is also correspondent for a Chicago daily, was astonished to receive a message from his paper instructing him to be on the lookout for a report of an alleged shortage of great magnitude which had just been discovered in the Fort Wayne postoffice. Mr. Higgins saw the humor of the message through the grin seriousness of its tenor and wired back that he ought to know of it if anybody did and would look the matter up. Postmaster Rockhill, who had been in office only a day or so at that time, wrote to the postmaster general at Washington and issued the matter down. Mr. Rockhill's letter was referred to Hon. A. C. Bearss, inspector in charge, of this district, with headquarters at Cincinnati. It was learned that the report had been sacredited to G. C. Holmes, an inspector under Mr. Bearss, and a letter from that gentleman explains the whole origin of the malicious rumor. The letter is as follows:

HON. A. C. BEARSS, Inspector in Charge, Cincinnati, Ohio.

SIR:—Permit me to state for your information and the information of Postmaster Rockhill that the newspaper articles mentioned are entirely without foundation except in the mind of the space writer who wrote them, and the fact that I spent a few hours in Indianapolis investigating a depredation that occurred some weeks before in the state of Ohio. No mention was made by me, or by any of the officials with whom I was conferring, of any irregularity in any postoffice whatever, and never having heard of any irregularity in the Fort Wayne postoffice under its present management, I regret exceedingly that my name was used in the connection referred to. I am of the opinion that an investigation is entirely unnecessary. Very respectfully,

G. C. HOLMES, Inspector.

Whole Hogs or None.

The Times pugilistic editor that they will carry their state at the next election. That means that they will have the whole Hogs or none.

The French Elections.

Corrected returns from some of the electoral districts make a slight change as to the results of the general elections for the chamber of deputies.

The figures now at hand show the return of 317 republicans, thirty socialist radicals and socialists, thirteen conservatives radicals and fifty conservatives. Second ballots are necessary in 19 districts.

Governor Boies Renominated.

The democratic state convention of Iowa renominated Governor Boies as the head of the ticket. The platform endorsed President Cleveland charges the hard times on the republican party, demands the repeal by congress of the silver purchasing clause asks for a reciprocity tariff reform, favors pensions, wants homesteads, gold and silver dollars intrinsically equal and covers numerous local issues, the liquor question particularly.

Watch 'Em.

Next Election of less politicel etcktions some home to roost, watch the vote of the republican senators upon the bill to repeal the obnoxious republican John Sherman law. The states of Nevada, Idaho, Wyoming, North Dakota, South Dakota, Montana and Washington were each admitted to the union upon a promise to send senators who would strengthen the republican side of the senate. These senators will mostly, if not all, vote against the repeal of the Sherman law.

A Good Idea.

Albert A. Pope, of Boston, Mass., urges that work be provided for the large numbers of unemployed men by improving the highways all over the country. As an illustration of the vast amount of improvement that is needed he cites the report of the Massachusetts highway commission which shows that the loss from bad roads in that state is over $20,000,000 annually. Vastly more it is estimated, is lost in other states each year from bad roads. Mr. Pope believes that the appropriation in each state of a sum no larger than that lost through bad roads would solve the double purpose of putting the highways in order and giving employment to idle men.

The Ratio of Gold and Silver.

Many persons who are reading the speeches and the articles published on the silver question, become confused as to the ratio of gold and silver as applied to currency. This is a simple matter of figures which are being made:

Will you be kind enough to explain what is meant by the ratio of 16 to 1 or 15 to 1, between gold and silver? By doing so you will oblige

J. REYES.

The term ratio spoken of in reference to bimetallism has reference to the proportion of the gold to the value of silver. The former is twenty-five and eight-tenths and the latter fifty grains in weight which makes a proportion of 16 of silver parts of silver to one part of gold. It is this condition that interferes when the two of one to sixteen to sixteen of in connection with coinage. The ratio of one to twenty-one implies how many the weight of the silver shall value at one dollar.

The first coinage value of the silver dollar of 412½ grains and gold under the act of 1834 was fixed at 371¼ grains of silver and 24¾ grains of gold, which was the nice ounces of silver were of the same intrinsic value of the same metals less the amount from one to one, according to their relative abundance.

For some years past the natural loss [illegible] that is, when coins of silver which existed in equal in one ounce of gold when coined.

It is now proposed by some of the economic [illegible] to restore the old ratio of sixteen to one of silver and gold by making a silver dollar contain 412½ grains of silver and 24¾ grains of gold, or 371¼ grains of silver to 24¾ grains of gold. This would make the gold dollar worth [illegible] of the silver dollar. Throughout the whole civilized world gold should be the standard measure of value, as it is necessary to [illegible] of commercial intercourse with foreign countries.
